

The University of Oklahoma School of Meteorology

PhD Direct-Track Application Form

This form is used to provide written documentation to the School of Meteorology Graduate Admissions Officer (GAO) and Graduate Studies Committee that a student fulfills the requirements for being admitted into the SoM PhD program before completing a SoM MS degree.

As outlined in the SoM PhD Policies, GAO approval of this degree change, is based on the following four criteria:

1. Student completed 4 courses that fulfill the SoM Coursework Requirement for the PhD in Meteorology and received a grade of A in at least 3 of these courses.
2. Student identified a research adviser that commits in writing to support the student as GRA or will serve as an advisor for students on graduate fellowships.
3. Student identified two additional members of the PhD committee.
4. Student developed a 5-10 page proposal for his/her PhD research which is positively reviewed by the research adviser and the 2 additional members of the PhD committee.
